

SAXTON

E-BOOK

For more than 60 years, Saxton has represented leading Speakers, Thought Leaders, Influencers, Australian and international Icons and Change Makers. Today, we work with thousands of voices across business and leadership, innovation, wellbeing, motivation, politics and advocacy, and sport. This eBook brings together standout talent proven to deliver impact for corporate and organisational audiences.

We work as curators, not planners. That means we go beyond filling a brief. We consider your audience, objectives, event format and key moments to recommend talent who will strengthen your message and elevate the overall experience.

Through Saxton Engage, we also connect brands with premium Social Influencers and Ambassadors. Engage provides trusted voices to amplify your message, build visibility and support brand health. Our team collaborates on content, distribution, measurement and reporting so outcomes are clear and measurable.

At Saxton, our six decades in business have reinforced one belief, the right Speaker can shape thinking, spark action and create lasting value. When we connect you with the right talent, we support the impact you want to make on your audience.
